

Spring Rent Due Date Reminder – NO DEFERMENT

Subject: UF Housing – Spring 2008 Rent Due Date Reminder

Dear [student name],

This email serves to remind you that your Spring 2008 rent is due on or before next Monday, December 3, 2007 by 3:00pm.

Your rent statement that showed this due date and your rent balance was delivered to your room mailbox between October 30-31 unless you previously identified a different billing address.

You currently DO NOT have a Spring rent deferment. Deferments were automatically provided to students that:

- had Fall rent deferments, AND
- were eligible for a Spring rent deferment

Spring rent deferment eligibility was determined by gathering your financial aid information from the UF Financial Aid Office. In order to qualify for a deferment you must have \$3,200 or more in secure financial aid for Spring 2008. If you feel you are eligible for a Spring rent deferment, you must apply for a Spring deferment at the Main Housing Office, Monday-Friday between 8am-5pm.

Your Spring Semester rent statement will likely be for more than your Fall rent statement because any advance rent payments that were made when you completed your housing contract were applied towards your Fall rent. For Summer B/Fall 2007 freshmen the advance rent payment was \$200 and as a result their Spring rent balance will be \$200 more than their Fall rent balance.

Please share this information with family or others that are assisting you with the financing of your education.
